## COMMUNITY PROGRESS

What's New at Revel Creek?

### Revel Creek Building Project Update

Hello, neighbors!

We are excited to announce that the Revel Creek building project has successfully financed this week, and we will be starting site setup activities on October 5th. We have listed information below regarding the construction activities and protocols, as well as contact information for the Heritage Community and construction team members to contact if you have a question or if there is an issue that we need to address. We also invite you to stay up-to-date on construction progress by visiting [www.revelcreek.com](http://www.revelcreek.com) to access our monthly e-newsletter (under News and Events) and view construction videos and photos showing our progress.

#### Construction Overview

- ◆ Miller-Davis Company is the construction manager for the project.
- ◆ The project construction is scheduled to be complete by April of 2022.

- ◆ We will provide periodic updates when necessary to notify you of any upcoming unique activities (such as special working hours).
- ◆ Logistics
  - Construction traffic will be directed on Phillips Street from Portage Street to the main drive for Revel Creek (Golden Drive). The fire access lane leading from the Heritage campus to the Homecrest neighborhood will not be used.
  - Fencing
    - Construction fencing will be installed around the entire construction site, with security gates at the north entrance.
    - Heritage Community and the construction team will be reviewing existing fencing and conditions at the property line to determine best configuration of fencing and screening as appropriate.
- ◆ Construction Work Hours (per City guidelines and Miller-Davis protocols)
  - 7 a.m. – 4:30 p.m. Monday through Friday
  - Activities may extend later into the afternoons, or work may be conducted on Saturdays if daylight and weather conditions are favorable.
- ◆ Upcoming Construction Activities
  - October 5th Week - Mobilization activities
    - Bringing office trailers on site (west side of the property)
    - Site fence installation around the entire site
    - Drilling borings for soil sampling
    - Begin sitework activities (moving soil)
- ◆ Contacts: Please direct any questions, comments, or concerns to the onsite team members below:
  - Michael Kazeks, Director of Plant Operations at Heritage Community  
mkazeks@heritagecommunity.com  
(269) 343-4094
  - Steve Pierson, Superintendent for Miller-Davis  
spierson@miller-davis.com  
(616) 607-4880
  - Paul Hutchens, Project Manager for Miller-Davis  
phutchens@miller-davis.com  
(269) 252-1752

Sincerely,

**Jay Prince**
